

## BLOOMINGTON CEMETERY

The two maps below show how a plot is divided.

There is a group of gravesites that have been divided differently. The plot is smaller in overall size, but the graves are the same size as all the other gravesites in the cemetery. These gravesites are located (from west to east) along the north side of the center road. They are plot numbers: A7, 7, 16, 25, 34, 43, 52, 61, 70, 79, 88, 97, 106, 115, 124, 133, 142, & 151.

- ALL gravesites are 40 inches by 8 feet.
- Vaults are required --- even for cremations.
- For example, the burial site is referred to as: **39 - A - 2**

“39” is the number of the plot.  
 “A” is the section (such as A, B, C, D).  
 “2” is the site (such as 1 through 8 or 1 through 12).
